TOWN WARRANT

STATE OF NEW HAMPSHIRE

(L.S.) To the inhabitants of the Town of Unity qualified to vote in Town affairs:

You are hereby notified to meet in said Unity on Tuesday, March 14, at 10 o'clock in the forenoon to act upon the following subjects:

1. To choose a Town Clerk for the ensuing year.
2. To hear the reports of the Selectmen and other town officials and pass any vote in relation thereto.
3. To choose a number of the board of Selectmen for the ensuing three years.
4. To choose a Trustee of Trust Funds for the ensuing three years.
5. To choose a Library Trustee for the ensuing three years.
6. To choose all other necessary Town officials for the ensuing three years.
7. To raise such sums of money as may be necessary to pay Librarians' salaries and Library tax.
8. To raise such sums of money as may be necessary for Old Age Assistance and Town Poor charges.
9. To see what sums of money the Town will vote to raise for other Town charges.
10. To see what sums of money the Town will vote to raise to pay just debts of Town.
11. To see if the Town will authorize the Selectmen to borrow the sum of \$5,000 to refinance town notes of that amount. The same to be issued in the form of serial notes, and the same shall be paid off at the rate of \$1,000 a year starting in 1951.
12. To see what sums of money the Town will vote to raise for the maintenance of highways and bridges, in-

cluding snow removal, and determine the price to be paid for labor and trucks.

13. To see what the attitude of the Town is in regard to purchasing a truck, and raising money for the same thereof.

14. To see if the Town will vote to raise the sum of \$400 for the control of White Pine Blister Rust.

15. To see if the Town will vote to raise the sum of \$651.23 for Town Road Aid. The State will allot the sum of \$2,605.26.

16. To see if the Town will vote to legalize Beano or Bingo.

17. To see if the Town will vote to substitute the non-partisan ballot system for the present one.

18. To see what the Town will propose for a heating system for Town hall.

19. To see if the Town will purchase road maintenance equipment to duplicate that now being used, plus the addition of a power shovel, and have this equipment supervised by competent people.

20. To see if the Town will give to the Unity Volunteer Fire Department a deed to the land on which the Fire House is situated, with sufficient adjacent land for landscaping, this to be given to the Fire Department for one dollar and other valuable considerations.

21. To see if the Town will give to the fire department a grant of \$500 free and clear to be used by the fire department as it sees fit.

22. To vote by ballot to see if the Town will authorize the Selectmen to dispose of any real estate acquired by tax collector's deeds.

23. To see if the Town will vote a discount on taxes paid on or before July 1st and September 1st. The amount to be three per cent and two per cent respectively.

24. To see if the Town will authorize the Selectmen to borrow money in anticipation of taxes.

25. To see if the Town will vote to raise the sum of 1/100 of 1% of assessed valuation for the purpose of promoting the Dartmouth, Lake Sunapee Regional Association.

26. To see what the attitude of the Town is in regard to purchasing a heating system for Town Hall, and raise money for the purpose thereof.

27. To transact any other business that may legally come before this meeting.

Given under our hand and seal this 25th day of February, 1950.

P. A. NEWTON,
Selectman of Unity.

A true copy of Warrant — Attest:

P. A. NEWTON,
Selectman of Unity.

REPORT OF FOREST FIRE WARDEN

Permits issued, 29

Portable mills operated under state permits, 5

Financial Statement

Total receipts	\$14.93
----------------	---------

Total disbursements	\$14.93
---------------------	---------

Respectfully submitted,

GEORGE S. CALLUM,
Warden.

I hereby certify I have examined the accounts and records of the Fire Warden and find them correct and supported by vouchers.

HARRY W. PIERCE,
Town Auditor.

February 25, 1950.

To the Selectmen:

Each year there is a demand for a statement on forest fires for publication in the annual town report. It is believed they serve a good purpose in reminding local citizens of the danger from such fires and how they can help prevent them. The following is offered with the respectful request for publication in your town report.

Sincerely,

JOHN H. FOSTER,
State Forester.

Forest Fires — Our Most Shameful Waste

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 per cent of all forest fires result from human carelessness and can be prevented. Consequently, we may say, "Forest Fires are our most shameful waste."

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
2. Securing the required *written permit* from the warden when the ground is not covered with snow.
3. Insisting that others be careful and comply with burning requirements.
4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

GEORGE S. CALLUM,
Forest Fire Warden.

GEORGE F. RICHARDSON, JR.,
District Fire Chief.

* Resigned.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

*To the Inhabitants of the School District in the Town of
Unity qualified to vote in district affairs:*

You are hereby notified to meet at the Town Hall in said district on the twentieth day of March, 1950, at eight o'clock in the evening, to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To determine and appoint the salaries of the School Board, and fix the compensation of any other officers or agent of the district.
6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.
7. To choose Agents, Auditors and Committees in relation to any subjects embraced in this warrant.
8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payments of statutory obligations of the district, and to authorize the application against said appropriation for such sums as are estimated to be received from the state equalization fund, together with other income, the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
9. To see if the district will vote to raise and appropriate in addition to the original appropriation for 1949-50, a sum of \$1,325.00 to be made payable to the school district

prior to July 1, 1950, in order to meet unanticipated obligations caused by teachers' salaries and transportation costs.

10. To see if the district will authorize the school board to purchase a new school bus for a sum not exceeding \$4,800.00.

11. To see if the district will vote to raise and appropriate a sum not exceeding \$4,800.00 for the purchase of a school bus, and to finance said purchase by authorizing the issuance of serial notes in an amount not exceeding \$3,800.00 and by authorizing the use of \$1,000.00 from the Capital Reserve Fund.

12. To transact any other business that may legally come before this meeting.

Given under our hands at said Unity this 14th day of February, 1950.

MARIEA J. SMITH,
LEVI A. LEMERE,

School Board.

A MESSAGE FROM YOUR SUPERINTENDENT

American education has undergone many changes in the past half century. Public education now is an accepted part of our complex society, and its importance to the democratic form of government is recognized by all thinking people. The effectiveness with which the "isms" of foreign lands have been drilled into the minds of youth is proof, if we need any, of the importance of education in our country to sustain and bring to realization the ideals of democracy.

At the beginning of the century, it was the rare boy or girl who had either the inclination or opportunity to complete high school or college. In 1950, the great majority begin high school, a large percentage finish, and a fair proportion of these complete college. Elementary education is compulsory for all. Progress is being made towards educational equality.

Changes have been made and more must come in curricula. Training in the three R's and academic work is just as important and methods have improved. As the public school is our society's instrument for continuance and improvement, schools have added training in the vocational, cultural and citizenship aspects of our living. The school plant becomes a real community where youth learns to work and play together for the most formative years of their character development, and a center of local activities in which all citizens take pride.

Many problems face the citizens of Supervisory Union No. 5 in their efforts to support and improve their school systems. I am presenting a summation under the three headings: educational, building, financial.

Educational

Increased enrollments and building capacity limits are causing overcrowded conditions which make good teaching difficult. Twenty-five to thirty pupils in a single grade should be the maximum. Where several grades must be placed in one classroom, the total number should not exceed twenty-five. We have many situations where the teachers frankly admit inability to teach effectively because of too many pupils and too little time. Poor lighting, venti-

lation, lack of sanitation, and no room for special activities limit educational efficiency in too many towns in this Union.

School boards are aware of the need for having good tools for learning—books, maps, supplies, practical arts materials, and even athletic equipment. They are attempting to include sufficient funds in budgets to provide for classroom needs. With so many costs fixed by law or conditions, it is natural to look to this area for reductions. In many schools, materials have not been adequate. It is unwise to attempt savings here beyond limits of reasonable economy because these are basic needs and would effect little reduction in the total budget.

It is our good fortune to have a large number of competent and experienced teachers. Many of our teachers are married and make their homes in our communities. They are interested in the welfare of the town as well as the school. The requirements for certification to teach in New Hampshire have become more stringent. Many "permit" teachers are taking extension courses and summer courses to meet these requirements. Salaries have increased. They must continue to do so until the supply of teachers is greater and until teaching as a profession at least keeps up with the economic returns from other occupations. There is a national and state-wide shortage, especially of elementary teachers. Better retirement systems, higher pay and lower educational requirements continues to drain New Hampshire of some of its finest. Teachers are human beings who like to be commended, who like good homes, pleasant surroundings and friends. The great majority in the profession place service to children above monetary returns.

As our concern is more with the progress that each child makes than with his present standing, we are undertaking a testing program in every school. Standardized tests to measure mental ability and attainment in nine areas of learning will be given and records made of results. This will become a yearly procedure so that we can chart progress made against what normally could be expected. We can try harder and devote more time to those areas where weaknesses become evident.

Building Problems

All except one of the eight towns have pressing building needs. Nearly all buildings are very old and provide inadequate housing for increased enrollments. Efforts have

been made and are being made to plan and to build. It is not a problem of easy solution. I am sure that the people of our communities want bigger and better buildings with running water, modern plumbing and controlled heat.

It is discouraging to spend money patching up and repairing to "get by another year" when we would like to see these dollars go into a permanent improvement.

More towns are setting up capital reserve accounts as a long-term means of getting new buildings. It is my recommendation that every town should set aside at least a few hundred dollars and increase it year by year. A committee in one town of the Union is attempting to raise money by other means than taxation. They should be congratulated.

Some small towns in New Hampshire have given up waiting for financial assistance from state or federal government. The satisfaction they must have with their new buildings and the benefits to their children must be ample rewards for the sacrifice. A new school is a living memorial to the faith we have in our boys and girls.

Financial Problems

Real economy means wise spending and not parsimony. The cut in State Aid to education from two million to four hundred thousand certainly is not economy. It costs money to provide even average schools. Actual expenditures for schools have not been reduced by this move. The result has been to thrust back upon communities practically the total burden. Real estate taxes have increased greatly and will go higher if additional support is not returned.

Our Union is made up of small communities with a small proportion of income-producing property. Several thousand dollars of income was taken away. Even those towns whose allotment was not reduced feel the pinch as tuition and transportation costs increase sharply. Other states have increased their financial support to towns and have provided a sound tax basis for doing so.

Transportation will continue to be an expensive problem. A large proportion of our pupils have to be transported long distances over both good and bad roads. The geography of some of the towns, and the remote location of some of the homes, make transportation costs soar, often beyond reasonable expectations. Tuition to outside schools is advancing

rapidly due to increasing enrollments and higher charges for tuition. All receiving towns are increasing tuition charges for next year, some sharply, a reflection of their greater costs. Large deficits of some towns in the union are attributed to these two facts which your School Boards cannot control.

Your school officials are some of our most respected citizens who give freely of their time, and who are very much aware of their responsibility to youth and town. They cannot be justly accused of waste. The average cost per pupil in New Hampshire for 1948-1949 was \$229.49. The schools in your towns are being operated at considerably less. It is inevitable that school expenses should increase along with every other commodity and service. Good education cannot wait for a more convenient time. There is a need for greater public understanding of school problems. We are encouraging adult groups to organize to study their schools, to ask questions and to assist in activities.

The difficulties are so many and so varied, and their solution so important, that I am humble before the task. Your support and good will, expressed to me in many ways, is especially gratifying. All of us working earnestly together with courage, persistence and vision, often forgetting ourselves in service to our communities, should evolve a majority of the right answers.

JOHN W. DAY,
Superintendent of Union 5.

A RECOMMENDATION

The problem of transportation in Unity has grown in complexity with the increasing number of pupils to be transported to the local schools and the junior-senior high school pupils to be transported to Claremont or Newport. After considerable study, the following seems to be the most economical and fairest proposition to the citizens and pupils of Unity. A new forty-eight passenger bus of modern design, with all the safety features, can probably be purchased for \$4,500.00. It can be operated with all driver costs, repairs, gas and oil, and principal payment, for \$3,250.00 per year or less. It can be purchased by using \$1,000.00 of our capital reserve fund and by borrowing for a period of four or five years on serial notes of the district. It will be paid for before it is worn out and, for that period of two or three years, the district can set aside amounts for the purchase of a new bus. With the trade-in value, the district can purchase another bus with a very small investment.

A careful study of the routes, made by the school board, indicates that the Center, West, and Claremont transportation can be best provided by two trips, the first for junior-senior high school pupils directly into Claremont, the second for the elementary pupils to the Center School.

For the East side of the town, it is proposed that bids be requested for transportation of the elementary, junior and senior high school pupils by a suburban type bus. It is also recommended that all high school pupils pay twenty dollars per year for their transportation by the vehicles the school district provides, ten dollars of this amount payable in September and ten dollars in January. This amount of about eleven cents a day is very small, as compared to the total cost for a high school pupil to transport himself.

By following the procedures outlined, a sum of \$3,750.00, together with \$1,000.00 from the capital reserve account, should be ample to pay for transportation this coming year. If this method is not followed, it will be necessary to appropriate \$6,000.00.

This proposition was studied and accepted by all school, town and building committee officers at a meeting in January, 1950.

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Unity, of which the above is a true summary for the fiscal year ending June 30, 1949, and find them correct in all respects.

CHARLES L. BAILEY,
Auditor.

July 7, 1949.

SCHOOL NURSE'S REPORT

Unity, 1949

To the Superintendent of Schools:

The routine health inspection and check-up of the school children has continued in the usual manner.

The inspection is for defective teeth, poor posture, infected hair and skin, large tonsils, faulty nutrition, faulty speech, defective vision and poor general health.

We have tried to influence the pupils of all grades in matters of good health and health habits.

Through the efforts of the Unity parents, fewer communicable diseases occurred in the schools. However, there is greater need of dental care and mouth hygiene for every pupil.

Number of school visits	38
Number of home visits	43
Defects found and reported:	
Defective teeth	72
Enlarged tonsils	6
Poor posture	10
Skin infection	3
Pediculosis	4
Faulty speech	2
Faulty nutrition	10

The hot noon lunches have been well served and certainly have definitely helped all pupils in their general health.

I wish to thank Mr. Day, Superintendent of Schools, the Unity School Board, the parents and others for your continued help in the school health program.

ZEPHYRINE L. HASHAM, R. N.
